WEDDING PHOTOGRAPHY

Champagne Portraits celebrates 20 years in business & it's been a privilege & a thrill to capture Wedding days for so many wonderful couples!

I always offer a friendly, unobtrusive approach with a good mix of candid & posed shots.

Packages have been restructured, to suit couples who don't require a full day coverage & I would like to specialise in offering this shorter service.

I offer 2 Packages cover the important moments of the Wedding day.

Included in each Package is a wooden boxed USB with all usable images taken on the day professionally edited to a high resolution.

- *An ongoing 10% Discount is offered for Winter Weddings & Weekday Weddings!*

*Love is Love ~ same sex
Wedding friendly business!*

**Note: If requiring a larger Wedding coverage/ or interested in 2 Photographers, I can recommend some professional photographers that I've worked with. Please inquire for more info.*
